

Preliminary Request for Information

The Environmental Services Company Ltd. (ESC) has published a Preliminary Request for Information (RFI) from potential participants, prior to the publication of a tender for subsurface remediation using In-Situ Thermal Remediation (ISTR) technology at the IMI (Taas) Beit HaKerem Site.

To this end, ESC invites responses to the Draft Tender attached to the RFI. The RFI is published on the website of “Even Derech – the National Project for the Remediation of State Lands”: <https://soil-remediation.co.il/>. Changes and updates to the RFI can be followed on the website. Responses to the RFI may be submitted until the 10th of September 2026, by sending them to the email address: shikum@escil.co.il, with title “RFI A47 – ISTR”. In the event of any conflict between the contents of this notice and the contents of the RFI, the contents of the RFI shall prevail.
